Non-Texas Market

SLIDE 1

Hello, my name is _____. Today, I would like to share some information with you about an industry changing—and life changing—opportunity.

SLIDE 2

One that starts with a simple question.

How many people do you know who use electricity?

It would be easy to dismiss that as a rhetorical question.

The answer of course is everyone, right?

But I assure you, the question is more profound than you might think.

The real answer is everyone you know—and everyone you don't know—uses electricity, every minute, of every hour, of every day.

They use it without thinking about it, and it is already a part of their monthly budget.

Now, what if I told you that you could earn money every time people you know—and even people you don't know—turn on their lights?

SLIDE 3

Right now, energy deregulation is opening the door of opportunity in states, cities and countries all across the world.

And Ambit Energy is helping thousands of people just like you seize that opportunity.

SLIDE 4

Ambit currently services 16 states and the District of Columbia in the U.S., the nation of Japan and Canada. In just these markets, there are more than 152 million potential Customers representing a potential revenue of over \$186 billion.

SLIDE 5

Even with all of Ambit's accomplishments, Ambit still only holds less than 3% market share in the U.S. and less than 1% worldwide.

We are just getting started and the opportunity is wide open.

SLIDE 6

Deregulation gives consumers in many areas the right to choose their own energy provider.

Before deregulation, one company – the monopoly incumbent provider – provided all aspects of your energy service: generation/production, delivery and energy retail. They also billed the customer and provided customer support.

After deregulation, these components are separated. Generation. Competing plants produce the natural gas/electricity. Delivery. Now, when the gas/electricity reaches a city, its delivery to your home or business is handled by a single operator. This delivery provider maintains all pipe lines and responds to any and all service issues. Energy Retailer.

Now, in deregulated areas, the marketing of natural gas/electricity is handled by Energy Retailers, like Ambit Energy.

So. How do you go from being a buyer of energy to selling it in a deregulated market?

You start with the right partner. And Ambit Energy is the company you choose.

SLIDE 7

From its beginning, Ambit has had one goal: to be the finest and most-respected retail energy provider. It's a bold commitment, but one that's reflected at every step of our history, from our founding through the present day.

SLIDE 8

It starts with a commitment to our Consultants. Ambit Energy was created by entrepreneurs, for entrepreneurs. Our Co-Founders, Jere Thompson, Jr. and Chris Chambliss, both had extensive backgrounds with start-up businesses. And with the coming of the deregulated energy market, they saw the chance to create something truly special – a company that would let others pursue their dreams without high startup costs, the need to carry inventory and the opportunity to sell a product everyone needs.

SLIDE 9

From the very beginning, they agreed on a key guiding principle: to never sacrifice integrity for growth. Their attitude and the Opportunity they created resonated with people from across the country and from all walks of life. In just six years, Ambit went from a start-up to a \$1 billion company.

Ambit's continued success and growth, including our expansion into Japan and Canada, attracted a lot of attention from the media and the industry. We've been consistently honored by Direct Selling News as the largest direct seller of energy in the world, as well as earning recognition by JD Power, Inc. magazine and many others.

SLIDE 10

We also were noticed by another visionary company with a tradition of excellence dating more than a century, Vistra. In fact, their name, Vistra, is a combination of "Vision" and "Tradition."

The two companies began talking, and discovered they shared such core values as integrity, innovation, a Customer-centric approach, excellence and enthusiasm. In November 2019, Vistra acquired Ambit.

ADVANCE SLIDE

Now, Ambit is part of a premier, integrated energy company, able to access the power and resources of one of the largest competitive electricity providers and generators in the country. Vistra is a publicly traded company with a market cap of more than \$13 billion offering residential, small commercial and large commercial services. Yet for all that, Ambit remains a company based on people, driven by personal contacts and word of mouth and 100% committed to our success as Independent Consultants.

What can Ambit offer you and your Customers?

-  Competitive Rates
-  Award-winning Service and Support
-  Green-e Energy Certified Products
-  Solar Energy in Select States

SLIDE 11

But enough about us.
 Let's talk about what Ambit can do for you and your Customers.
 Remember all those people you know who use energy?
 By recommending Ambit, you can offer them competitive rates, award-winning service and support, Green-e Energy Certified products and the opportunity to save even more with solar energy in select states.

Free Energy

Gather 15 Friends & Neighbors and Earn Free Energy Credits.

SLIDE 12

But the best part, with Ambit, you and your Customers have the chance to earn Free Energy. That's right.
 Here's how it works. All Customers receive a free website when they sign up. By sending their friends and family to their website, Customers can enroll new customers.
 Refer 15 friends who become Ambit Energy Customers with active service and you can receive credit on your bill up to and including FREE energy!
 Month after month after month.

We All Make Recommendations

SLIDE 13

We make recommendations every day to our family and friends. Great restaurants, entertaining movies, interesting books.
 Some of the biggest companies in the world have achieved incredible success through our word-of-mouth recommendations.

We All Make Recommendations

But Never Get Paid for It

ADVANCE SLIDE

They just don't pay us for them.
 Ambit Energy has achieved incredible growth through word-of-mouth, too. But unlike those other companies, we actually pay the people who are recommending our service.

\$75
Investment
One-time fee with no annual renewal

\$24.95 per month for personal business building system.

SLIDE 14

To start your own part-time business with Ambit Energy you must pay a one-time, \$75 fee, and a \$24.95 monthly maintenance fee for your suite of personal business building tools.

Show me where you can find a franchise type business for \$100 that enables you to take advantage of one of the biggest market deregulations in history.

Invite your friends and associates to consider receiving savings on their energy usage; enroll them through your professional website and Ambit will take care of everything else.

Income Opportunities

SLIDE 15

Now, let's talk about how Ambit compensates you for referring Customers. Ambit has, in our opinion, the best compensation plan in the industry today. You have multiple ways to earn income as you promote through our system.

And the best part of the Ambit compensation plan is its simplicity.

We do Two Simple Things

- 1 Gather a handful of loyal Customers, people we know, love and trust
- 2 Help others do the same

SLIDE 16

In Ambit we only do two simple things to earn income.

We gather a handful of Customers—people we know, love and trust.

And we help others do same.

I know it sounds simple, but by learning to do these two simple things, you can take the steps to be your own boss. Let's review how it works.

Gather Customers

You

Gather Customers

You

SLIDE 17

With Ambit, there are three ways to earn income.

First, you can potentially earn income just for gathering two or three Customers, depending on the market. We call this our Jump Start Bonus.

Gather Customers

You

\$100 Jump Start Bonus

Jump start your business by gathering a handful of loyal Customers to earn your investment back.

By achieving this Jump Start Bonus you have now earned back that initial \$100 investment. From this point on, your business can become profitable.

SLIDE 18

Now you focus on the second thing we do in Ambit, helping others do the same.

You'll earn additional Team Builder Bonuses as you build a team of Customer gatherers.

When you find a like-minded individual and help them gather a handful of Customers and earn their Jump Start Bonus, Ambit will pay you a matching \$100 Team Builder Bonus.

SLIDE 19

As the leader of a new team, your next goal in Ambit is to earn your first promotion by expanding your team and Customers.

Our first level of promotion is called Regional Consultant. To promote yourself to Regional Consultant (or RC), you need to achieve three goals that we call "5-2-6."

You need to personally gather two additional Customers to bring you to a total of 5 personal Customers;

You need to have sponsored at least 2 personal Consultants;

And you must build a team of 6 Marketing Consultants. Any combination will earn you a promotion to RC as long as it adheres to these criteria.

SLIDE 20

Congratulations! You are now a Regional Consultant and you just received a pay increase! Now you can earn an additional \$55 for helping your next personally sponsored Consultant gather three Customers.

As a Regional Consultant, when you personally sponsor your next Consultant and help them earn their first \$100 Jump Start Bonus, you will receive your matching \$100 Team Builder Bonus and an additional \$55 Regional Consultant bonus for a total of \$155.

But there is another exciting advantage to being a Regional Consultant. Any time a new Consultant joins your Regional Consultant Team below one of your personal Consultants and they earn their first \$100 Jump Start bonus, you will earn a \$55 Regional Consultant bonus.

This happens again and again as you grow your business!

Build More Teams

SLIDE 21

As your Regional Team continues to grow and develop, you can achieve your next promotion to Senior Consultant. As a Senior Consultant, you can earn an additional \$80 for helping your next personally sponsored Consultant gather three Customers!

As a Senior Consultant, when you personally sponsor your next Consultant and help them earn their first \$100 Jump Start Bonus, you will receive your matching \$100 Team Builder Bonus, your \$55 Regional Consultant bonus and an additional Senior Consultant bonus of \$80 for a total of \$235.

When others in your Senior Team bring in new team members, you earn up to \$135 every time those new Consultants earn their first Jump Start Bonus.

These bonuses are paid weekly and to unlimited levels.

Build More Teams

ADVANCE SLIDE

We have two additional promotion levels you can achieve by helping others on your team achieve their own promotions. The next is Executive Consultant where you earn an additional \$80. As an EC, you can earn \$315 for every personally-sponsored Consultant you help earn their Jump Start Bonus and up to \$215 for each new Consultant who joins your EC Team and earns theirs.

Build More Teams

ADVANCE SLIDE

Our highest level of achievement in Ambit is the rank of National Consultant. National Consultants earn an additional \$25. That's a total of \$340 for every personal Consultant you sponsor and help earn their first Jump Start Bonus. And that is up to \$240 for each new Consultant who joins your NC Team who earns theirs.

Again, these are paid every week and to unlimited levels of depth.

Long-Term Income

- Ambit pays you each time a Customer pays their bill
- Ambit pays you month after month after month
- The bigger your team, the more Customers you can get paid on

Your Results Will Be Based on Your Individual Efforts.

SLIDE 22

Now, what is causing all these weekly bonuses to be paid out to Ambit's team builders? Customers, right?

And what are those Customers doing each and every month? That's right, they are paying the bill for a service that they have to have and cannot live without.

And every month after they pay their Ambit electricity bill, Ambit in turn pays you.

Month after month after month.

The bigger your team, the more Customers you can get paid on.

This is called residual income, and it is what sets Ambit apart from every other direct selling business you may have seen.

SLIDE 23

What I want to show you next is hypothetical example of how you, your team and the Customers your team gathers can produce a monthly residual income. Keep in mind this is just an example, and you should have a realistic expectation of your potential income as an Independent Consultant. You can find more information about factors affecting your income and a link to Ambit Energy's Income Disclosure Statement at goambit.com/disclaimer, and I recommend you review both of these thoroughly.

SLIDE 24

To illustrate how building a team of Customer gathers can benefit you over time, we have created a chart that includes a few basic assumptions.

Ambit Consultants are eligible to earn residual commission on Customers in the first seven levels of the team they build. To earn commissions on all those levels, Consultants are required to gather and keep 20 active personal Customers.

Let's assume for a moment you have enrolled 20 Customers, and they are all using Ambit's service. Let's also assume you have personally sponsored three Consultants here on Level 1.

In this example, we are going to also make some assumptions about the productivity of your team.

First, we are going to assume that every Consultant who joins your team follows your example and personally sponsors three Consultants of their own. Following this example, you would have 9 Consultants on your second level, 27 on your third, 81 on your fourth, 243 on your fifth, 729 on your sixth, and 2,187 on your seventh. That's a total of 3,279 Consultants on your team.

Now, let's assume that even though you gathered your 20 Customers everyone else on your team only gathered enough Customers to earn their first Jump Start Bonus. That's just 3 Customers.

If each Consultant only enrolled 3 Customers, you would have 9 Customers on your first level increasing to 6,561 on your seventh level, with a total of 9,857 Customers on the first 7 levels of your team.

Long-Term Income

Levels	MCs	Customers	Band 1
You	-	20	\$0.05
1	3	9	\$0.05
2	9	27	\$0.10
3	27	81	\$0.20
4	81	243	\$0.30
5	243	729	\$0.40
6	729	2,187	\$0.70
7	2,187	6,561	\$1.50
Total	3,279	9,857

ADVANCE SLIDE

You can earn a commission each month for every Customer on your team through 7 levels. The amount of the commission depends on which level the Customer falls. This commission schedule is for Customers who use the minimum amount of energy required to generate a commission. We call it Band 1.

Long-Term Income

Levels	MCs	Customers	Band 1	Monthly
You	-	20	\$0.05	\$1.00
1	3	9	\$0.05	\$0.45
2	9	27	\$0.10	\$2.70
3	27	81	\$0.20	\$16.20
4	81	243	\$0.30	\$72.90
5	243	729	\$0.40	\$291.60
6	729	2,187	\$0.70	\$1,530.90
7	2,187	6,561	\$1.50	\$9,841.50
Total	3,279	9,857		\$11,757.25

ADVANCE SLIDE

If all the Customers on your team in this example were Band 1 Customers, your monthly residual income would be \$11,757.25! That's almost \$12,000 each and every month!

Understand, these results are not typical. However, it does show you what is possible and how you can build an organization that pays you.

Well, there is one more additional stream of income you can earn with your Ambit business in addition to the one I've just shown you.

The Power of a Quarter

SLIDE 25

Ambit also pays commissions called Customer Residual Bonuses, which are paid each month for all the active Customers in your leadership teams.

And these bonuses are not limited to the first 7 levels--they apply to unlimited levels.

For each active Customer in your Regional Consultant Team, the Customer Residual Bonus is \$.25.

For each active Customer in your Senior Consultant Team, the Customer Residual Bonus is up to \$.50.

For each active Customer in your Executive Consultant Team the bonus increases up to \$.75.

And as an NC, you are paid up to \$1.00 for every active Customer in you National Consultant Team.

Again, these Customer Residual Bonuses are paid every month and to unlimited levels of depth.

Think about the power of residual income. Getting paid month after month after month every time Customers pay their energy bill, for as long as they are Ambit Customers.
